

PERSONAL FEED

I have a Software Engineering degree from Universidad de Colima, My working experience runs around ruby on rails, react JS.

My professional career started at Bright Coders Academy, with a successful course on Ruby on Rails, a few months after I began working at MagmaLabs.

My actual role is RoR dev on MagmaLabs and mentoring at BrightCoders Academy. I'm part of the Playas on tech community in Manzanillo and enjoy my time creating content and code for my personal brand.
